OVERVIEW

FIG is a community-driven platform that allows users to reward their participation and enjoyment. Use tokenomics power in creative way and earn more tokens via playing various games.

As a FIG team we combine the best of DeFi and NFT to create a truly unique and eternal gaming platform.

All items within games and apps will be fully secured by the FIG Token network.

Games and applications are constantly kept up to date by our expert software developers in order to ensure that users can use games and applications uninterrupted and ensure their continuity.

GAMES

Monster Truck Wars – is an action war game where players can play alone in Career mode or play with their friends at the same time in Multiplayer mode.

By purchasing dozens of different Monster Vehicles in the game, you can improve their features, add weapon mechanisms, modify them and buy additional features (via FIG Token)

RULES

- Each player can play 10 games per day by default
- For more games the user needs to hold an amount of FIG Tokens in his wallet on the platform.

Holding \$50 or more worth of FIG = 10 games/day
Holding \$100 or more worth of FIG = 50 games/day
Holding \$150 or more worth of FIG = 100 games/day
Holding \$300 or more worth of FIG = Unlimited games/-

REWARDS

40% of ADVERTISING REVENUES will be shared with the community. 10% as a Prize Contests-1st player of the Month-Special Races-Variou Events. Team will buyback tokens with 30% of advertising revenues and these tokens will be burned. 60% of advertising revenues will be reserved for use in company projects. Advertising revenues will be distributed every month excluding transaction fees.

TREASURY

Rewards will be given out of the treasury to the best players of the month.
